Effect of the earthquake in the Pacific Ocean off the Coast of the Tohoku Region of Japan

We feel deeply sorry for those who were stricken by the earthquake that occurred off the Coast of the Tohoku Region of Japan on March 11, 2011.

We would like to inform you of the effect of the natural disasters over our Sekisui Plastics group companies as follows:

1. Damage status

There are no damage caused to our group companies production facilities in the Tohoku and Kanto regions, with only some minor exceptions that will not affect our operations. We will closely watch the power supply scheme in order to resume the local production as soon as we can.

2. Impact on financial performance

The impact of this earthquake on consolidated financial results of the our group is unclear at this time. An announcement will be made promptly in the event that a material impact is anticipated.
